MyBrest Friend range

Reliable breastfeeding support with nursing pillows from MyBrest Friend.

△ Leaf Design

◁ My Brest Friend Twin pillow

MY BREST FRIEND PILLOW

△ This pillow was designed for one purpose to properly support mum and baby during breast feeding. The back rest helps maintain good posture during feeding, preventing sore backs and necks. Wrap around design secures to the body, helping mum and baby maintain ideal positioning and latch on. Arms and elbow rest eliminating shoulder stress. Convenient pocket for nursing and other accessories. Firm flat front cushion, eliminates the gap between you and your baby, which keeps the baby from rolling away with adjustable straps. Organic is available.

▷ MY BREST FRIEND NURSING APRON

This new nursing cover provides new mothers the privacy that they need to comfortably breastfeed in public. The easy view design lets mum's easily check on their nursing babies while staying completely covered.

MY BREST FRIEND WOODEN NURSING FOOTREST

This nursing stool can help a breastfeeding mother minimize lower back, shoulder, neck, and wrist pain by helping her to maintain a supportive, comfortable position throughout the feed.
