"I DISCOVERED THE GOLDBUG HEAD SUPPORT, which I put in Scarlett's car capsule, pram and bassinet.

It was invaluable for keeping her head comfortable, because before babies develop head and neck control, their head can roll from side to side while they're sleeping or travelling in the car."

Nicole, 35, mum to Scarlett, 6 months.

Goldbug 2 in 1 Head Support, $34.95 (03 9553 0024).
