

Goldbug Sling & Hip Carrier \$69.95

This expertly engineered carrier has been described as 'the child carrier of tomorrow'. Its unique fabric, added extras and smart design mean it's ideal for any parent who wants to wear their baby.

Features A weight-sensing mesh fabric that moulds to the shape of your infant, ensuring a natural and comfortable sitting position for her at all times.

Weight range Up to 13kg.

Colours Available in the style shown.

We love... the genius one-handed strap adjustment option, which allows you to tighten and loosen the sling even while carrying your baby. The excess shoulder strap then tucks away neatly into the dedicated storage pocket for a tidy fit.

Minimonkey \$99

With adjustable clasps, the one-size-fits-all Minimonkey sling will comfortably fit everyone in the family. You can also choose between seven different ways to use the sling.

Features A padded strap for extra comfort, also offering a plastic clasp which lets you put it on and take it off with minimal disturbance to the baby.

Weight range Up to 12kg.

Colours Comes in seven bright and bold colours.

We love... that it can also be turned into a hammock when attached to the cot or playpen. This clever feature allows you to softly soothe and rock your baby if she is feeling unsettled.

BABY BJÖRN Synergy \$229

The BABY BJÖRN Synergy carrier is a blend of two of BABY BJÖRN's most popular baby carriers. The new fabrics keep your baby cool and also dry – perfect for a hot climate.

Features The Synergy combines the breathable mesh material of the Air Carrier with the comfortable back support of the Active Infant Carrier.

Weight range Up to 12kg.

Colours Choose between crystal white or black.

We love... that this ergonomically designed model is simple to put on and take off. The soft fabrics not only mean you get maximum comfort, but it also fits easily into your nappy bag or backpack when you're out and about. Buying this trusted brand brings you peace of mind and value for your dollar.
